Treasurer

Due to personal circumstances Sarah has stepped down from the treasurers position with immediate effect.

Meeting attendees expressed concerned for SH wellbeing and advised she needs to step back from these duties but is OK.

JM will cover the position in short term due to access etc for memberships.

JM will contact SH to begin releasing her from the duties as required.

JM to contact all clubs and advise them of membership details etc.

County Standard beginners course

The attendees discussed yet again this and it appears the desire has now gone from all clubs due to the length of time it has taken to resolve.

A sub committee has been set up with PH, AH and DL to finalise proposal for county minimum standard and expectations.

It was pointed out that one of the reasons for this was to show a united county organisation, showing interest at a grass roots point in an archers development and all it has lead to further rifts and discontinuity. Leading to the question what have county archers received from the county. This will be taken forward for the AGM meeting as a discussion area

Coaching

L1 course well attended with 5 county clubs represented

DBS rules have changed all students of L1 are covered by the mentors DBS

NO financial details given to meeting

No changes have been made to the county coaching SUB group since last meeting or agreement to absorb into county rather than a full stand alone.

Coaching handbooks discussed and will be progressed with sub group.

The sub group will meet and define all things to be presented at the AGM for final approval or closure

A comment was made the coaching group is only producing stats and not detail about what it has done or will be doing.

Suggested / requested that a senior squad day similar to the junior days could be arranged by the coaching group have not been taken forward.

Again, question was raised what the clubs and members are getting out of the county

Coaching reps advised there would be three dates offered at the AGM for development.

Coaching will be made available to all.

County has agreed to support with the advertising and promotion of these days once announced.

Request made for more of the year to be visible as it is hard to find all the dates for local shoots

DH looking into getting a year planner created.

County championship tournament

Very poorly attended – great venue well set up and organised – need to understand why so few.

Proposal for county champs outdoor to be considered for record status would attract more archers but only from outside county so reason asked who is it being run for ?

County teams will be updated at the AGM

Recognitions

Further discussions and proposed recipients to be announced at the AGM

Club development

Club partnerships

Several clubs are forming partnerships in times of need and to share facilities this trend is growing and is showing a joined up county.
